

KEY WORD INDEX

acyl aminopyridine compound	85	<i>Hoya carnos</i> a flowers	39
acyl aniline compound	85	<i>in vitro</i> study	97
adverse drug reaction	77	<i>in vivo</i> study	97
aminoglycosides	53	indications	25
anti-hepatitis B virus activity	13	inpatients	121
anti-inflammatory	33	leptin	1
antimicrobial activity	13, 25	lipodystrophy	77
antituberculosis drugs	121	medicinal plant	13, 33
bactericidal	33	medicinal plant products	25
beta-3 adrenoceptor	1	metabolism	69
β -lactams	53	monk	143
Ca ²⁺ entry	85	neuropeptide-Y	1
Caco-2	45	nucleoside reverse transcriptase inhibitor	77
cholecystokinin	1	obesity	1
combination	53	paracellular transport	45
consistency	129	penetration enhancers	109
cream	109	percutaneous absorption	109
cytochrome P450	97	permeability	45
drug addicts	143	protease inhibitor	77
drug information	129	pyridine	61
drug label	129	riboflavin	61
drug leaflet	129	risk factors	121
dysuria	33	sepsis	53
esterase	69	shed snake skin	69
estradiol	109	smooth muscle contraction	85
functional screening	85	solubility	61
GC-FID	39	solution	109
GC-MS	39	sufficiency	129
gel	109	synergism	53
glucagon-like peptide 1	1	transdermal permeation	69
H ₂ -antagonists	45	treatment and rehabilitation	143
HAART	77	valproic acid	97
HBsAg	13	valproyl morpholine	97
hepatotoxicity	121	volatile components	39
herbal medicine	33, 143		
holistic care	143
